

EDITORIAL PERISCOPE

The President continues to improve and his married daughters have returned to their homes.

A new rule has been made prohibiting the girls of Wellesley College from smoking. This is a blow to match-making.

Spain is deluged with heavy rains, but Spain can't be much ahead of Western Kentucky in the line of wetness.

A South Carolina mob made a new record this week. Instead of "losing" a negro they had in hand to be lynched they let him make a safe get-away.

War-time prohibition, operating since December, 1916, and forbidding the sale and private importation of spirits and strong liquors has been made permanent by a plebiscite in Norway.

Chicago came back with a vengeance after Cincinnati had dropped 4 out of 5 games in the series of 9 games and won the sixth and seventh games. The battle ground was transferred to Chicago Thursday with two more games to play in the first of which Cincinnati won the deciding game.

At least one girl in the United States is not to be bothered with the high cost of living. By the will of Charles Frederick Hoffman, president of the Hoffman estates, which owned the Hoffman House and other realty in New York, his daughter, Marian K. Hoffman, now only seventeen years old, is to receive \$50,000 a year income from the estate of her grandfather, the Rev. Charles Frederick Hoffman, besides eventually getting the residue of her father's estate of many millions.

The Honorable Ed Morrow will make another visit to Hopkinsville today and this time will perform at the Court House. He may be expected to make a good smooth speech from his standpoint, provided he steers clear of some of the places around town where the skating is poor and the ice is thin. Among other things he will predict his own election this time by 'steen thousand majority. He makes this boast everywhere, but doesn't believe it himself.

As nearly as we can forecast now the Kentuckian will become a tri-weekly on Oct. 25. The change will not effect the mail subscribers, in spite of the increase of 1 1/2 cents in the price of paper within the last 30 days. The price of the paper to city subscribers, delivered by carrier, will be \$2.50 or 5 cents a week but for the next two weeks each yearly subscribers will be taken at \$2.00. The great rush of job work taxing the capacity of the office prevents us from making the change at once.

One far-reaching effect the Republican day in ratifying the peace treaty in the Senate will be to make the tobacco market unsettled at a time when prices are due to go higher than ever before. All of the countries in the war zone are normally heavy buyers of American dark tobacco and the war prices of last year should not only be maintained but greatly increased by the unprecedented demand that will follow when peace is declared and the markets of the world are again open to Kentucky tobacco. While Republicans are playing politics and killing time in the Senate, the farmers are kept from realizing the just rewards of their industry. Wherever it is possible, Republicans should be defeated this fall.

Hogs Still Going Down.
A sharp decline in hog values took place at the Bourbon Stockyards, Louisville, Wednesday. Tops and light hogs declined 85c, pigs 60c and throwout 75c from Tuesday's prices. It was a slow and uneven affair from start to finish and no improvement was noted at closing time. Reports all around indicated losses ranging from 25c@\$.1, and a further cut in values is expected by most traders. Supply figured 1,747 head, totaling 7,734 for three days. Offerings were fairly well taken. Quotations: Best hogs, 165 lbs. up, \$12.25; 120 lbs. to 165 lb., \$14.50; pigs 120 lb. down, \$13; throwout, \$12.25 down.

Mr. and Mrs. George Bradley left last night for Detroit where they will visit indefinitely their daughter, Mrs. E. W. Clark.

RIPE IN YEARS LAID TO REST

MRS. KATE MANSFIELD HENRY,
VENERABLE MOTHER OF
COL. HENRY, DIES

ONE OF THE BEST OF WOMEN
Was a Native of the County And Of
Distinguished Pioneer
Ancestry.

Mrs. Kate M. Henry died at her home in this city Tuesday afternoon, peacefully passing away after a long illness. To the last her mind was clear and her faculties unimpaired. She was one of the city's most beloved women, connected with many of the most prominent families. She was a daughter of James Mansfield, a prominent pioneer citizen and was born in this county May 6, 1832. Her mother was Katherine Jouett daughter of Charles Jouett, who was Indian agent at Ft. Dearborn, Illinois, afterwards the site of Chicago. He was appointed to this position by President Jefferson, who was his personal friend.

Mrs. Henry was married to Dr. Thos. G. Henry September, 1857, who died March 26, 1869. Of the four children born to their union two survive—Col. Jouett Henry now stationed at Camp Custer, Mich. and Mrs. Green Henry Russell, with whom she made her home.

Mrs. Henry was a member of the Westminster Presbyterian church and was a devout Christian whose lovely character was an inspiration to all with whom she came in contact. She possessed great intellectual strength and a mind of rare vigor. All her life she had been a student and her store of information on a wide range of subjects was remarkable. She was finely educated, cultured and refined and her home was always a delightful place to visit. Her hospitality was unbounded and her kindness of heart and geniality of manner made her universally esteemed.

She was a gifted musician and until her last illness prostrated her, she could seat herself at her piano and play the sweet old pieces of long ago with all the ease and grace of sixty years ago.

Col. Henry reached home Thursday morning.

The funeral services were held at the residence Thursday afternoon at three o'clock and the interment was in the family lot at Riverside Cemetery. Rev. Alfred S. Anderson, her pastor, conducted the services. The pallbearers were Drs. Austin Bell, Randolph Dade and C. H. Tandy. Messrs. J. B. Hutson, C. A. Webster, and Judge G. H. Champlin.

FANCY PRICES FOR 23 HEAD

McGaughey Herd of Polled Durham
Cattle Sold for Average
of \$200.

On Monday afternoon the fine herd of Red Polled Durham cattle of R. H. McGaughey was sold at auction at the farm near Newstead.

The twenty three head of cattle sold, brought about \$5,000, averaging nearly \$220 each. This herd was one of the finest of any breed in the country and fortunately most of the buyers were men of the county and the herd will remain in Christian county. Among the largest buyers were J. C. Giles, John W. Garnett and F. B. Lacy.

A few registered Poland China hogs were also sold at a fairly good price.

City Water All Right.

The Board of Health has announced that the city water is now free from impurities. The signed notice follows:

The city water has been tested this week and found to be in good condition and safe for domestic use and drinking purposes.

The city water company has a purification system which is first class—but the system needed some correction and the same has been made and the Board of Health report the water as good. Hopkinsville has been very fortunate this fall in having so few cases of typhoid.

BOARD OF HEALTH

COL. BRYAN URGES STATE AMENDMENT

Nebraskan Comes to Kentucky For
Several Speeches in Behalf
Of Prohibition.

Col. William Jennings Bryan spent Saturday and Sunday of last week in Kentucky speaking for the State prohibition amendment. Col. Bryan had a great crowd at Hopkinsville Saturday afternoon and hundreds were unable to get within hearing distance of him at the W. C. T. U. state convention at LaGrange. He made a powerful plea that Kentucky permanently put up the bars against the saloon and he urged all dry voters to get to the poles election day.

Colonel Bryan said that while he had no direct information it was his opinion that the war-time ban against the saloon would not be lifted before January, when the national amendment goes into effect. He said that the defeat of the amendment would be taken by the "wets" as an indication that the prohibition wave had reached its crest and was receding.

He gave statistics given him Saturday in Hopkinsville, Ky., during the months of July, August and September of last year and of this.

In 1918 there were 577 arrests during these months, against 135 in 1917; 334 of these were for drunkenness in 1918 and seventeen for that cause in 1917, and 243 arrests for other crimes in 1918 against 118 arrests in 1917, according to the records.

TEST TODAY FOR H. H. S.

Football Team Tackles Owensboro
For West Kentucky Championship—Hard Game Expected.

The High School football team plays the team representing Owensboro High School at Owensboro today. Coach Radford left yesterday afternoon with his charges for Owensboro. The team is in excellent shape, with the exception of W. Radford and Acree, and these two were left behind.

This is one of the most important games of the season as it will probably decide the championship of Western Kentucky, and maybe the High School Championship of the State.

Much Ado About Nothing.

An inability to get any regular judge to hold a special court this month has caused the trial of Mr. and Mrs. A. M. Herndon and Frank Logan, at Russellville, to be postponed and Republicans are raising a considerable hullabaloo over it.

Governor Black asked the following judges to serve, two of them Republicans, and all answered that they were unable to do so:

Judge McKenzie Moss, Bowling Green; Judge Robert L. Stout, Frankfort; Judge J. R. Layman, Elizabethtown, and Judge Chas. H. Bush, of Hopkinsville; Judge L. C. Fryer, of Butler.

The defendants, newspaper owners, indicted in Judge John Rhea's court for criminal libel because of personal criticisms of the Judge will hardly be convicted and the case might as well be thrown out of court. Personal grievances should be settled outside of court rooms and not at public expense. It is not a matter of much concern what Logan county politicians thing of each other.

THE FISCAL COURT FAILS TO ACT

In the consideration of the Dawson Springs propositions submitted last Tuesday, the court finally turned down the resolution asking for an appropriation of \$10,000 for road construction inside the reservation, proposed by Judge Breathitt. The proposition to complete 4 1/2 miles of pike to the reservation was passed over for the present.

SOX FIGHT TO THE VERY LAST

Red Players Split \$117,157.68 As
Their Share Of Series
Money.

Chicago, Oct. 10.—The world's baseball championship pennant for 1919 will fly from Redland field Cincinnati, next season.

Pat Moran's athletes invaded hostile territory yesterday and annexed the eighth and deciding game against the Chicago White Sox by a score of 10 to 5.

The remarkably good weather of the series was again in evidence and \$2,930 paid to see the massacre of the local idols.

The attendance for the series was 236,928, and the receipts, exclusive of war tax, \$722,414. Of this the players receive \$260,349.70 of the amount taken in during the first five games.

The winner's share is \$117,157.68 which will give \$5,207.01 to the participating athletes. This is more than the salaries of most of them it is said. The losers will distribute 24 shares of \$3,214.36 each.

OLDEST MAN IN COUNTY

Andrew E. Owen Died Near Gracey
Yesterday, Almost 100 Years
Of Age.

At his home near Gracey, Ky., Thursday night, October 9, 1919, there passed away a man who had almost rounded out a century of life, lacking only until the 19th of next March to become a centenarian.

Andrew E. Owen, by far the oldest man in Christian county, sank peacefully to rest from exhaustion incident to the infirmities of extreme old age.

He was born in Virginia on March 19, 1820, and came to Kentucky when a young man, shortly afterwards locating near what was then the town of Bellevue. He married Miss Martha Lander, a daughter of Stephen S. Lander, a leading citizen, and settled on a farm on the county line between Christian and Trigg—a county by the way, formed of a part of Christian the year he was born—and here he spent the whole remainder of his long life, honored and respected by all who knew him.

He and his wife reared ten children, five sons and five daughters, and all of them survive the father. Mrs. Owen died when she reached the ordinary span of human markable specimen of physical personhood equalled in this county.

In early life and until 60 years of age he was a remarkably handsome man. Standing well above six feet he was as straight as an Indian with a swarthy complexion, a keen black eye and a flowing black beard. He was a man whose striking appearance would attract attention anywhere.

He retained his vigor of frame until more than 90 years old, but his black beard gradually turned gray as the years passed and in his declining days it gave him quite a patriarchal appearance. For several years he had been confined to the house, feeble and with impaired eyesight. His mind was clear, his hearing acute and he was able to get about with the aid of his cane.

Mr. Owen was for more than 75 years a member of the West Union church at Bellevue, afterwards moved to Gracey, when the railroad was built and Bellevue passed off the map.

Several of his children lived with him at the home place and tenderly cared for him as he became helpless.

He was filled with Christian faith and resignation and often spoke of the goodness of God in letting him live so long. He had an ambition to round out his century and then he said he would be ready to go when the Lord called him. It was not permitted him to quite reach the goal.

The funeral services and interment took place near Gracey yesterday afternoon at 2:30.

WILSON'S PROGRESS IS SLOW

Physicians Indicate They Will Insist
That He Remain Idle For
Considerable Time.

Washington, Oct. 10.—Although President Wilson continues to improve yesterday his physicians indicated that they expected his recovery to progress very slowly and that it might be a considerable time before they would permit him to resume work.

Rear Admiral Grayson, the president's personal physician, would make no prediction as to when Mr. Wilson might return to his desk but said it would not be soon if he followed the advice of those in attendance upon him.

The President is most anxious to get back into the swing of affairs, however, and it is with difficulty that he is persuaded to remain in confinement.

Dr. Grayson issued the following bulletin at 10 o'clock: "The President has another good day."

Back From Atlanta.

John R. Dickerson, of LaFayette; Geo. W. Mitchell, of this city, and John B. Harned, of Edwards' Mill, have returned from the Confederate Reunion at Atlanta. Others who went along not as delegates were R. M. Hester, of LaFayette, and L. H. Smithson. All report the best reunion ever held with hospitality extended that surpassed all previous experience. The attendance was estimated at 20,000.

BAPTISTS OF KENTUCKY

To Hold Their Annual General Association In Georgetown November 11 and 12.

Georgetown, Ky., Oct. 10.—The General Association of Kentucky Baptists, with representatives present from every county in the State will hold a session here November 11 and 12 at the Baptist church. More than 500 guests are expected, and a committee is making plans to house them in city homes.

Democratic Speeches To-Day.

Lawrenceburg, Frank E. Daugherty, afternoon; Tyrone, Frank E. Daugherty, night; Glasgow, L. E. Foster, afternoon; Nortonville, W. H. Shanks, night; Waterford, K. V. McChesney, afternoon; Alt. Eden Mat S. Cohen, afternoon; Bloomfield, Mat S. Cohen, night; Mayfield, Henry F. Turner, night; Vanceburg, Gov. James D. Black, afternoon; Ashland, Gov. Jas. D. Black, night; Paducah, Robert Crowe, afternoon; LaGrange, J. W. Newman, afternoon; Louisville, J. W. Newman, night; Owenton, Clem Huggins; Henderson, W. A. Berry.

LADIES HEAR GOOD ADDRESS

Miss Arvin, New Red Cross Worker,
Tells Experiences in France
To Large Audience.

On Wednesday afternoon at the rooms of the H. B. M. A., Miss Mary W. Arvin, the Red Cross Welfare Worker, addressed a gathering of ladies of the city.

Miss Arvin told of her experience in France, of the hospital work, and of the air raids on the hospitals by the Germans. Her talk was interesting and much enjoyed by all who were fortunate enough to hear her.

The Red Cross is attending its work to take in welfare work in the different cities, and it is in this line of work that Miss Arvin is to be interested in Hopkinsville.

CONFERENCE PROBES H. C. L.

RESOLUTION OF PUBLIC'S DELEGATE PROVIDING BOARD
TO INVESTIGATE

PROPOSALS ARE MADE

Steel Strike Arbitration, Industrial
Truce, and Creation of Arbitration Board Sought.

Washington, Oct. 10.—Concrete proposals designed to bring about better relations between employers and the employed were laid before the national industrial conference today by members of the various groups making up the gathering.

The proposals included: Arbitration of the nation-wide steel strike, with return of the men to work pending settlement.

An industrial truce starting immediately and continuing three months.

Creation of an arbitration board by the president and congress and including among its members all ex-presidents.

A comprehensive plan for adjudication of industrial disputes through boards of arbitration in the various industries.

The conference also took its first concrete action in adopting a motion offered by Thomas L. Chadbourne, a representative of the public, providing that a committee consisting of three members from each of the groups of employers, labor and the public, be appointed to investigate the high cost of living.

The proposal for settlement of the steel strike, introduced by Samuel Gompers, president of the American Federation of Labor and one of the delegates, came as a surprise to the groups representing the public and employers.

In offering the proposal, Mr. Gompers explained that it had the support of the labor delegates, including the representatives of the railroad brotherhoods. The proposal, like all others submitted, under the conference rules, was referred to the general committee, composed of five representatives of each group. It generally was believed that the proposal would be in the hands of this committee for some time.

As chairman of the public group, Bernard Baruch introduced the proposal for an industrial truce, formulated by A. A. Landon of Buffalo, and the plan that a national board of conciliation and arbitration be created, which was put forward by Gavin McNab of San Francisco.

The proposal for adjustment of labor disputes through joint boards of employers and workers in each industry with appeal to general boards appointed by the president and a final appeal to an umpire also came from the public group. It was drafted by Secretary of Labor Wilson and was understood to have been endorsed by President Wilson.

Speaking for the employers' group which put forward no plans, Chairman Harry A. Wheeler explained that five different interests were included in the group, and that this fact had delayed framing of the group's suggestions for the conference.

The prospect was that following the introduction of employers' demands, the conference will recess for ten days or two weeks to allow the general committee and such special committees as may be named time to take action on the material before it.

COL. BASSETT CALLS MEETING

To Perfect Organization Of Local
Chapter of American
Legion.

On Thursday night several members of the American Legion met at the Avalon, to discuss plans for a permanent organization for the local chapter.

It was decided to call a mass meeting to take place at the Avalon on Monday night. All those who have signed up, and all other veterans of the Great War are urged to be present. A permanent organization will be formed at that time. There are several plans which mean much to the organization which are to be discussed at this meeting.

Let every "vet" come and bring a "buddy" with him.

212 SOUTH MAIN STREET.

Entered at the Hopkinsville Postoffice as Mail Matter of the Second Class.

SATURDAY, OCTOBER 11, 1919.

DEMOCRATIC TICKET

For Governor—Jas. D. Black, Bourbonville.

For Lieutenant-Governor—W. H. Shanks, Stanford.

For Auditor of Accounts—Henry M. Bosworth, Lexington.

For Court of Appeals—John A. Goodman, Elkton.

For Secretary of State—Mat S. Cohen, Lexington.

For Attorney General—F. E. Daugherty, Bardstown.

For Commissioner of Agriculture—John W. Newman, Versailles.

For Superintendent of Public Instruction—L. E. Foster, Hopkinsville.

For State Treasurer—F. H. Turner, Wickliffe.

For Representative—H. A. Robinson.

For Railroad Commissioner—Frank N. Burns, Paducah.

Three bids for the town of Nitro, W. Va. were all turned down by the government. The highest was \$5,800,000. The city cost \$17,000,000.

A big woman in Kansas City created a sensation by chasing a little man on the street and catching him and giving him a vigorous spanking. He turned out to be her husband.

The Grand Lodge of Odd Fellows will meet in Bowling Green Oct. 14 and 15. An attendance of 7,000 is expected.

In Bowling Green 1781 voters registered, 1025 of them Democrats. In addition 333 women registered to vote in the school election. In this city no women registered.

The King of Belgium "showed off" enroute from Buffalo to Chicago by running the engine of the train for ten miles, eliciting praise from the grinning engineer.

War against high prices on the necessities of life will be carried with renewed energy to the country this month and waged through a series of meetings that is expected to enlist the co-operation and effort of the federal, state and local officials. A decision to adopt this method was reported in a conference held between Attorney General Palmer and a committee of the National Association of State Attorneys General. The fact that a decline of 30 per cent in the farmers' hogs has not materially affected the price of meat to the consumer is attracting special attention.

The press correspondents, always hunting for sensations, are suggesting that if President Wilson has a long illness that incapacitates him for business, he may have to turn over his office to the vice-president. In 1881, from July 2 to Sept. 19 President Garfield was unable to attend to business and the country went ahead all the same. And last year President Wilson spent six months in Europe, 3,000 miles from his office.

Senator Lodge has heard from home. The Massachusetts Republican convention went on record as in favor of the prompt ratification of the peace treaty, "without amendment," but with specified reservations. The reservations specifically favored were for the right of the United States to withdraw from the league upon due notice; for no obligation to employ American soldiers or sailors unless Congress shall so direct; for complete control of domestic questions, such as tariff and immigration by the United States and for the United States and for the United States to be the sole judge in interpreting the Monroe Doctrine.

Children Cry
FOR FLETCHER'S
CASTORIA

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be suffering as he was. Read.

"I am a very old man. I owe my life to Peru-NA. After some of the best doctors in the country gave me up and told me I could not live another month, Peru-NA saved me. Travelling to town, throughout the country, and having to go into all kinds of badly heated stores and buildings, something happened up for me. I was sick and my trade as auctioneer, it is only natural that I had colds frequently; so when this Peru-NA occurred I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When all most too late, I began doctoring, but, without avail, until I heard of Peru-NA. It cured me, so I cannot praise it too highly."

It Cured Me

Mr. Samuel McKinley, 2504 E. 22nd St., Kansas City, Mo., Member of the Society of U. S. Jewelry Auctioneers.

Sold Everywhere.
Tablet or Liquid Form

KENTUCKY CROP REPORT

Issued Oct. 8 By State Department of Agriculture, Frankfort, Kentucky.

Crops as a whole are under average due to late spring and poor growing conditions. The drouth has affected every part of the State and while some of the late maturing corn is coming out, yet, as a whole the corn crop is not up to normal. The estimated average yield of corn this year as 23 bushels per acre as compared with 25 bushels average in 1918 which was also a dry year. The quality is given at 85 per cent. The estimated production for the State according to above estimates would be something over 77 million bushels.

The final estimate on wheat makes an average of 10.5 bushels per acre or a total estimated production of 10,983,000 bushels. This is considerably less than last year but while the state acreage was increased the production averaged 2 bushels less per acre this year.

Condition of Burley tobacco is given at 75 per cent of crop housed. Condition of Dark tobacco is 81 per cent and an estimated average yield of 794 pounds per acre with 67 per cent of the crop housed. The total number of pounds of all tobacco produced is given on the preliminary estimate to be 413,801,000 pounds.

Hemp is an especially short crop with small acreage and the few estimates received on this would indicate a light yield.

Yield of potatoes is indicated to be 59.5 bushels per acre with condition given at 72 per cent indicating a production of 4,165,000 bushels this year. While sweet potatoes yield is estimated at 91 bushels per acre average with condition of 87 per cent, indicating a State production of 1,092,000 bushels.

Grasses show as follows:
Blue Grass.....69 per cent
Clover.....68 per cent
Orchard Grass.....80 per cent
Alfalfa.....75 per cent

Third cutting of Alfalfa averaged 1.02 tons per acre.
Pastures are dry, but have greatly improved the last month. Stock water is scarce in many localities. Condition of live stock is given at 88 per cent.

The acreage planned for fall wheat is only 74 per cent and with but little seeding done. This is about 33 per cent less than last year's acreage. Reports would indicate that 11 per cent of acreage planned had been sown Oct. 1st.

The preliminary estimate on acreage of rye is 89 per cent, which is about the same as last year.

While wheat acreage is materially cut, seeding is still in progress. Many farmers are seeding to rye and barley for cover crops. More and more ground limestone is being used as the farmers realize fully the value of its application to our soils.

MAT S. COHEN,
Commissioner of Agriculture.

Baptist Four-Minute Speakers.

All over our State on Sunday, October 5th, there will be bands of Baptist four-minute speakers going out in behalf of the Baptist 75 Million Campaign. These laymen will present some feature of the campaign at every service from now until Dec. 7, and at every service at every Baptist church it is their intention that something will be said about the campaign.

The Baptist four-minute speakers from here who will visit the neighboring churches are headed by local pastors and subject to call at any time.

Nice Little Sum.

The net proceeds of Miss Emma Noe's benefit concert for Bethel Woman's College, were a little more than \$400.

Miss Margaret Garrett Becomes the Bride of Mr. J. E. P'Pool. Left For Bridal Tour.

Mr. J. L. P'Pool and Miss Margaret Garrett, daughter of Mr. J. T. Garrett were married at the First Baptist church Wednesday morning at 9:30 o'clock, by Rev. Leonard W. Doolan.

It was witnessed by many friends of the young couple, the church being appropriately decorated for the occasion.

The young couple left at once by motor car, accompanied by Mr. and Mrs. Oscar Goodwin, for a visit to friends at Herrin, Ill. Upon their return they will live with the groom's parents, Mr. P'Pool being engaged in farming with his father, south of town.

The bride is an exceptionally bright and pretty girl, whose home until recently was in this city, but her parents now live two miles west of town on the Cadiz pike.

On Tuesday night Miss Louise Major gave a kitchen shower in honor of the bride-to-be, which was attended by a number of young people.

YOUNG COUPLE ELOPE TO CLARKSVILLE

Mr. Floyd Owen and Miss Nellie Mitchell eloped to Clarksville Monday evening and were married there by Esquire Osborne, at Hotel Montgomery. The groom but recently returned from service overseas. The bride is quite a pretty and popular girl.

Dr. George W. Truett Coming.

Dr. George W. Truett, of Dallas, Tex., who is well known in our state, will be in Kentucky from October 19 until the 22nd and speak in Hopkinsville. He is making a whirlwind tour of the Southern States and these four days have been given to Kentucky. He enters from Tennessee and will go to Missouri after speaking on Wednesday evening. The itinerary has been planned, but as it is not fully determined as to the number of places he will speak, we cannot mention the places now. Next week's notes will bring the information, and it is the plan to have him at such centers that practically every part of the State will have an opportunity to hear him speak. This is one of the greatest opportunities to hear about the Baptist 75 Million Campaign that has yet come, and the people everywhere should begin to plan now to set aside some time next week to hear the world's greatest preacher.

HOW TO AVOID THE FLU.

1. Don't inhale any person's breath.
2. Avoid persons who cough and sneeze.
3. Don't visit close, poorly ventilated places.
4. Keep warm and dry.
5. If you get wet change your clothes at once.
6. Don't use drinking cups or towels that other persons have used.
7. For the protection of others cover your mouth when you cough or sneeze.
8. Clean your teeth and mouth frequently.
9. Don't spit on the floor.

Doctors At Dawson.

The Southwestern Kentucky Medical Association will meet at Dawson October 28.

Ground Rock
PALMER GRAVES

The Buick Steering Gear

The Buick steering gear has been designed to combine the attributes of safety and ease of operation.

The principal advantages are entire relief from road shocks being transmitted through the steering mechanism, and ability to follow the tracks in mud or sand without wearisome maneuvering and without the danger of jumping the ruts. So that the easy handling of the Buick steering mechanism will be appreciated by all drivers.

As a result of this design, the factor of safety in Buick steering gears is very high. And because of the leverage provided by the the large steering wheel, anti-friction bearings and the positive lubrication of every part, the car may be operated for many hours at a time without fatigue to the driver.

Died Tuesday Night.

Geo. W. Monk, aged 50 years, died at his home on Jesup Ave. Tuesday night, of dropsy. The interment took place here the following day.

MOVE TO SPEED PACT, SAVE DRINK

Motive Is To Get \$400,000,000 In Taxes When Liquor Is Storage Is Released.

Washington, Oct. 7.—Convinced that President Wilson will not remove the wartime prohibition ban, thereby permitting sale of liquor now in bond or in stock, until peace has been proclaimed, wet interests are making a drive on the Senate for speed in ratification of the Peace Treaty.

Senator Penrose, Pennsylvania is leading the fight for quick action on the treaty, not with the avowed purpose, however, of giving aid and comfort to the liquor dealers, although he might not be averse to do that, but with the view of netting the government approximately \$400,000,000 in taxes which will be paid if liquor now in bond is withdrawn and marketed.

A somewhat new phase of the situation developed today, however, when it was reported that the dries would insist that peace will not be an accomplished fact until after the treaty with Austria is ratified.

They cite the fact that the United States in technically at war with the Imperial German and Imperial and Royal government of Austria Hungary. It is not enough, they say, that this country shall make peace with Germany in order for the President to authorize reopening of saloons. Peace with Austria must also be made.

And the Austrian peace treaty is not even before the Senate. An unofficial copy of it has been received and printed in the Record, but the President has never laid the treaty formally in the hands of the Senate. How long it will take the foreign Relations Committee to consider this document and how long thereafter the Senate will take to debate it are questions no human being can answer.

After all, though, it will be up to the President and his legal advisors to determine when peace has actually come and not up to the Anti-Saloon League or any other outside organization.

RED CROSS ACTIVITIES

Two hundred and fifty packing cases filled with hospital supplies are to be sent out this week to hospitals in Ohio, Indiana and Kentucky from the Red Cross warehouse at the Lake Division headquarters, 2157 Euclid Ave.

These cases contain 2,000,000 pneumonia jackets, absorbent pads, gauze compresses, bandages, night gowns, pajamas and baby clothes. These have been turned in by Red Cross chapters in the Lake Division.

Women who met each week during the war to make surgical dressings are now meeting at the Red Cross warehouse to inspect garments and pack cases. This work is part of the co-operation of the American Red Cross with the American Hospital Association. At the request of the hospital association the Red Cross is distributing supplies intended for war purposes among needy hospitals in the United States.

At the Lake Division Red Cross warehouse there are sufficient supplies to fill 3,000 more cases. These will be distributed as orders are received from the American Hospital Association. It is one way the Red Cross is adjusting its war-time organization to peace-time needs.

Lynch Negro.

Macon, Ga., Oct. 7.—Eugene Hamilton, a negro under ten year penitentiary sentence for an attempt upon the life of Charles Tingle, Jasper county farmer, was taken from Sheriff Middlebrooks, of Jones county, near here early today and shot to death at daylight near Monticello, in Jasper county, by a mob of about 60 men.

REGISTRATION FELL OFF 200

As Compared With Figures of 1915
Democrats Gain Eleven
Votes.

The annual registration Tuesday was about 200 votes short of the general registration of 1915, when the total was 2259. The returns this year are encouraging to Democrats. In 1915 Morrow carried Hopkinsville by 324 votes. This time the Republicans have a lead of only 94. The registration figures in detail are:

By Precincts							
		White.....	Colored....	Democrat..	Republican.	Independent	Total.....
No. 1....	168	188	119	221	16	356	
No. 2....	39	270	28	277	4	309	
No. 3....	341	23	276	83	5	364	
No. 4....	317	114	239	176	16	431	
No. 5....	217	25	149	89	4	242	
No. 6....	185	26	135	71	5	211	
No. 7....	18	137	15	138	2	155	
Total	1285	783	961	1055	52	2068	

The lightness of the registration was a surprise to both parties as it was the first one since the war and there has been no census for three years. The shortage seems to be largely in the colored vote, which has drifted away steadily for several years.

Hog Island.

Hog Island was a swamp of waste land when the great war came. The name has been attached to it since early days when it was occupied by Indians, but the exact reason for its naming is obscure.

"Satisfaction or Your Money Back"

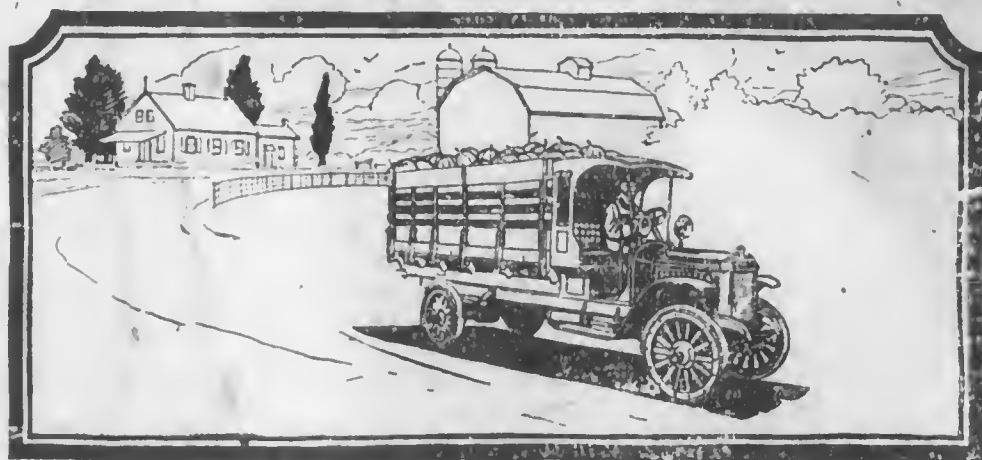

BARNES SAYS WHEAT PRICES NOT CAUSE OF PRESENT HIGH COSTS

Agitation for a lower wheat price to reduce the cost of living is a popular fallacy, Julius Barnes, director of the United States Grain Corpora-

tion said in an address in New York. The guaranteed price to American farmers is considerably below the world market price and there is no profiteering in wheat or wheat products. He also stated other countries paid as much as \$4.12 a bushel for wheat and the present world price

was \$2.46. The wholesale price of wheat has increased 166 per cent, since 1913, he said, cost of flour 118 per cent, and that of bread only 75 per cent.

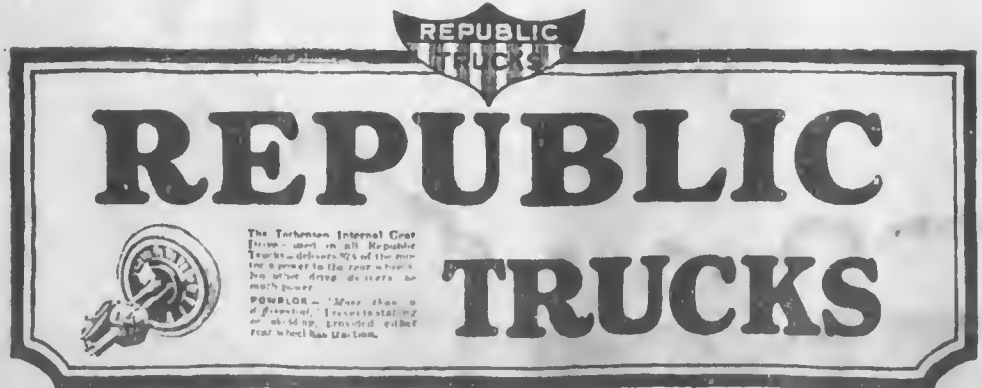

The Kentuckian \$2.00 a year.

LOUISVILLE REGISTRATION

The registration in Louisville closed with totals of 22,959 Republicans, 21,484 Democrats and 5,363 Independents. The Post says the registration was full of fraud, adding:

The Republican machine has set Louisville back fifteen years by its work at the polls in the registration of voters.

The period of clean elections the city has enjoyed since the voters of both united for the fight for the ballot that reached its climax in 1905 came to an end with the two days of registration for the November election of 1919.

The approximately 3,000 illegal names have been placed on the registration list is the declaration of the Democratic organization.

More ominous still are the unmistakable signs of the revival of the abhorrent practice of using the police in politics and having them work actively at the polls.

The arrest of Democratic voters at the voting places recalls the darkest days the preceded the redemption of the ballot in Louisville.

As a result of the work of the Republican machine the Republicans show a lead of about 1,500 over the Democrats in the registration. The Democrats say they are satisfied however, that they will carry Louisville in the election. They expect to prevent the voting of most of the illegal registration. Furthermore they say that more than 5,000 Independent votes registered the Democratic ticket will poll 80 per cent.

Five Democratic ward captains arrested Tuesday, filed suits against arresting officers for a sum aggregating \$50,000.

BATTERING DOWN PRICES

Effective Reductions Are Made Despite Lack of Legal Machinery.

(Courier-Journal.)

Notwithstanding lack of legal implements with which to obtain quick and effective reductions, the Kentucky Cost of Living Commission announces, the cost of living throughout Kentucky is being gradually battered down by means of price-listing efforts of the commission and its policy of seeking co-operation of dealing toward establishing fair prices.

In support of its announcement the commission exhibited comparisons of prices charged a little more than a month ago and those now charged, as shown by lists submitted by price listers. Reductions made affect Louisville and other parts of the State, but the comparisons deal mainly with prices charged at commissary stores at mines in the Eastern and Western Kentucky fields.

According to those figures, the cost of leading foodstuffs has been affected as follows:

Coffee, an average reduction of 15 cents per pound.
Cornmeal, an average reduction of 10 cents on the dollar.
Flour, an average reduction of 20 cents on the dollar.
Sugar, reduced from 15 cents to 12 cents per pound.
Steak, reduced from 50 cents to 35 cents a pound.
Ham, reduced from 70 cents to 50 cents per pound.

Prices charged at the commissaries according to Vincent B. Smith, secretary, are uniformly below those charged when the commission began an investigation concerning miners cost of living August 28.

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it?

Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real: the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay, over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother—

In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Shove off! -Join the U. S. Navy

Division.

PREACHER IN THE LEAD

FLEET OF AIRPLANES START ON TRANS-CONTINENTAL TOUR OF 5400 MILES.

THREE KILLED ON FIRST DAY

Assistant Secretary of War Cromwell Hurt While Taking A Flight.

Mineola, Long Island, Oct. 8.—Forty-seven airplanes, piloted with one exception by American military aviators started from here today to blaze an aerial trail 5,400 miles across the continent and return in the greatest speed, endurance and reliability contest in history, while from San Francisco fifteen planes took the air for the east. Five more planes will leave here tomorrow.

At sundown tonight Lieut. Belvin W. Maynard, a Baptist minister and winner of the recent trip contest between New York and Toronto, had flown 840 miles from Mineola, averaging almost two miles a minute and landed at Chicago, while several other west bound contestants were resting over night at Binghampton, Buffalo, Bryan and Cleveland control stations along the way.

Eight accidents in which three persons were killed and one injured had been reported tonight to the headquarters of the American Flying Club here, which is co-operating with the army air service in conducting the contest.

Maj. D. H. Crissey was instantly killed and his observer, Sergt. Virgil Thomas, received injuries from which he later died when the plane in which they had left San Francisco early this afternoon crashed in an attempt to land at Salt Lake City.

Sergt. W. E. Nevitt died this afternoon of injuries received when a plane in which he and Col. Gerald Brandt were riding fell to the ground at Deposit, N. Y. Colonel Brandt was reported to be not seriously injured.

Five forced landings were reported.

The only foreign entrants in the race, Air Commodore L. E. O. Charlton of the British embassy in Washington and Captain De Lavergne, an attaché of the French embassy, were eliminated before they had opportunity to cross the state boundary.

The only accident on the local field occurred about noon when a plane piloted by Captain Maurice Cleary of Everett, Wash., and carrying Benedict Crowell, first assistant secretary of war, as a passenger, crashed to the ground from a height of one hundred feet and overturned.

The accident happened while machine was trying to take off and less than a minute after it had left the ground. Neither Captain Cleary nor Mr. Crowell were hurt, but the right wing of the machine was smashed and the plane put out of commission.

FORCES I. W. W. TO KNEEL AND KISS THE FLAG

Weirton, W. Va., Oct. 7.—Swooping down on an alleged I. W. W. headquarters in an old barn on the Hancock road, a quarter of a mile South of here today, Sheriff Armour Cooper and a squad of fifty deputies arrested a number of the supposed leaders and confiscated a large quantity of literature, books and papers of the organization, including a membership roll.

The sheriff then arrested 186 men whose names were on the membership roll, marched them to the public square, forced them to kneel and kiss the American flag. After this 180 of the men were released and driven out of town while the other six were taken to the new Cumberland jail and locked up, pending action of the federal authorities.

A big American flag was strung across the street over their heads while another flag was used for the kissing. Most of the men were Finns and they were told in their native tongue that they must kiss the flag or remain in custody.

Protests came from many but they were in vain. The men were then informed that they must leave town. Again there was a protest from many but they were escorted to the town limits, nevertheless, and ordered to leave.

CASTORIA

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

WILL BUILD FARM HOME FOR WAIFS

"Back To the Soil" For Destitute In Kentucky Children's Home

GOVERNOR INDORSES PLAN

The Kentucky Children's Home Society, exclusively devoted to the care of homeless children, will make a drive throughout the state the week of October 27 to 31, for the purpose of raising \$300,000. Definite plans have been made and Governor Black has issued a proclamation asking the unqualified support of all Kentuckians.

The Kentucky Children's Home is one of the state's unique institutions. During its twenty-five years of existence it has sent 4,000 children into good homes and has insured them "a square deal" from the world.

It cares for children who otherwise would be uncared for. It gives protection to those who otherwise would have no protection. It is operated by a personnel that works because its members love to work among children.

Need New Equipment.

At present, the society is housed in a group of old residences in Louisville. These buildings are not adapted to the needs of the institution and children are crowded. They must sleep in crowded rooms and play on crowded play grounds.

When the drive is completed, the society plans to eliminate this congestion. Eighty-six acres of land have been purchased ten miles from Louisville on the Louisville and Nashville railroad and a complete cottage farm system has been planned.

This will give children all the room they need, will insure their health and take them from the muck and confining influences of the city.

The society now has 200 children under its care. When the new home is completed it will be able to care for many more.

The success of the drive is not a question of locality. The society is a state institution and cares for the state's homeless children. Those in one section are as interested as those in another.

Given Wide Support.

The proposed campaign for funds has thus far received unified support. Clergymen, teachers and prominent citizens have signified their approval. One hundred and ten county school superintendents are backing the proposition. Hundreds of teachers say they will do all in their power to insure its success.

School children who have homes will be given opportunities to assist in providing a home for those children who have none.

Each child will be asked to give. All schools will be solicited by a committee. There will be no competition, but pupils will be asked to contribute what they can.

Citizens' committees are being formed and will canvass the town in which organized.

Remember, it's for the children who haven't the home your child has.

The success of the drive will give health to children who otherwise would be emaciated and weak. It will give them an opportunity to become good citizens.

The proposition will shortly be up to the people of Kentucky. Kentucky will see that it goes through with a smash.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

TINY FARMERETTE BOOSTS FARM HOME

"VIRGINIA"

This is Virginia, in her overalls and blue denim shirt, dressed up like a real farmerette. Virginia has a happy home now, out in the country. But there was a time when she knew what it was to be without a home.

She was taken, a homeless waif, to the Kentucky Children's Home Society in Louisville. There she was given medical care and brought to health, and given the best of care that the attendants at the home could give her until a real home with a family was found for her.

Now Virginia is one of the many little school girls of the state who is going to help build a home for the homeless. When Virginia was in the Children's Home she had to spend most of her time in a little room crowded with other waifs. There was no big, sunny playground, and the schoolroom was crowded and poorly lighted and ventilated. There was not the proper amount of hospital equipment to care for the younger babies who came in. And the furniture and surroundings were cheerless, while Virginia waited for foster parents to take her away.

Under the plan of the school children of the state, all the children who have homes will be given an opportunity to help build a home for the Kentucky children who have none. It will be a fine, modern institution on a farm near St. Matthews, thoroughly equipped with hospital wards, kindergarten and schoolrooms, and with clean, airy bedrooms and baths. And, best of all, there will be a big playground on the farm, with lots of fresh air and sunshine; and there will be cows and chickens, and fresh milk and eggs and vegetables for the kiddies in the new home. That is what the \$300,000 will be used for, the fund that the school children of the state will raise in the last week of October. It is a "Children's Crusade," and the grown-up children will be allowed to get in on it and help, too.

We have all helped the French and the Belgian children. Now for the Kentucky children.

Curious!

Some birds are awfully curious and want to know what is going on. So if they see a human being in their neighborhood they will come close to investigate and perhaps to scold, and one of these birds is the Kentucky warbler. This bird has a preference for woods which are low and damp and ordinarily keeps well within the depth of tangled thickets. This bird, which ranges throughout the eastern United States, spends its winter in northern South America.

Three English Institutions.

Wherever the sons of Britannia may roam, three great and unmistakably English institutions set them apart from other races and creeds: Tea in the afternoon, handkerchiefs pushed up the sleeves and "dress" for dinner.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser; scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 42 Swift Laboratory, Atlanta, Ga.

Uncle Sam Says—"Wire those houses now"

YOUR NEIGHBORS have electric service—their houses are wired! Why shouldn't you be enjoying these same benefits?

Thos. Edison says:

"Electricity and machinery can make household drudgery a thing of the past—and that as soon as woman pleases."

ELECTRIFY YOUR HOME
For Comfort - Convenience - Economy - Efficiency

If your home is not wired, now is the time.

There will never be a better time; labor may be scarce, prices will be no lower.

HOME OWNERS. Your house will be worth much more wired. It will rent better and have a higher, more definite market value.

HOME RENTERS. Before you move be sure your home has electric service—make sure of your future home happiness by "doing it electrically."

HOME OWNERS and RENTERS. We will help you plan the most economical and serviceable equipment for your home. Free appointments at your convenience. Easy payments.

ANOTHER G O P FAKE EXPLODED

Tom Rhea Shows Republican Misrepresentation of State Fire Marshal's Office.

"Republican misrepresentation seems to have no limit in this campaign," said State Chairman Thos. S. Rhea, in discussing the latest attack of the Hert-Ballard-Morrow machine on the administration of the Fire Marshal's office at Frankfort. "They have issued a green card—an appropriate color, for nobody that isn't as green as grass will pay much attention to these fulminations—on which they charge that though fires have been fewer in number under the present administration the office is collecting about twice as much money in fees. They seek to convey the impression that the taxpayers are paying this money, when that isn't true.

"This money is paid by the fire insurance companies and is based on the amount of business they do. Under Democratic administration the companies are doing about twice as much business as under Willson's administration and the result is that the companies are paying twice as much in fees to the department.

"They take no account of the improvements made under the orders of Fire Marshal Tom Pannell, one of the best and most attentive and faithful officials Kentucky has ever had; to fire escapes installed, to saving due to inspection and the removal of fire hazards; to buildings that were fire traps razed by his orders, all of which has cost money to attend to. In the matter of Butler Thompson's expenses, totalling the enormous sum of \$12.10 a month

Mr. Thompson was employed on a salary-and-expenses basis and it is considerably cheaper to give him his railroad fare between Frankfort and Lexington than to pay his hotel expenses in Frankfort.

"Their very admission the fires have been less numerous is an admission that Tom Pannell's fire-putters-out actually have paid 'em out. And they have. The reduction in fire losses under his administration of the office has mounted into the millions, all because of attention to the carrying out of the orders for improvements or for removal of fire hazards. If anything of that kind was ever done under the Gus Willson administration nobody ever heard of it.

"This card is as misleading as their other cards—buff and slate colored, these are—relating to the alleged reduction in the pay of school teachers, something the Republicans know is false when they charge it, and something of which they were equally guilty if it were true, for the bill was not a party measure and was supported by Democrats and Republicans as a school improvement measure, which it is, and will prove itself to be when its full benefit is realized.

"It will be a task, and I fully realize it to keep up with the Republican misrepresentation in this campaign, but we are trying to do it, great as the task is and we intend to nail every Republican fake, yarn or plain outright lie as fast as they are issued and we can find them out."

PURELY PERSONAL

Mr. T. R. Troendle has gone to Washington in connection with the Dawson Hospital work.

Envoy and Mrs. Henry Vallier of the Salvation Army, have moved to 745 East Eighteenth street.

Tom Starling, seven-year-old son of Mr. and Mrs. Mary Soyars Starling, who was operated upon for appendicitis several days ago, is convalescing.

Hon. Henry F. Turner's speaking appointment at Gracey Wednesday night was "rained out" and he came into the city and spent the night.

Mr. and Mrs. C. B. Baker, of Stephen's Point, Wis., are visiting their daughter, Mrs. R. M. Fairleigh.

Miss Flora Harris has gone to Pine Bluff, Ark., to visit her sister, Mrs. Songer.

The British Kingdom. Great Britain includes England, Scotland and Wales. It is called Great Britain in distinction from Brittany (Britagne, Lesser Britain). In the union with Scotland in 1707, Great Britain became the official name of the British kingdom, and so continued until the union with Ireland in 1801. Since then the form has been Great Britain and Ireland.

Salt, 67 cents 100 pounds; minimum, 10 pounds; maximum, 100 lbs.

FORBES FLIVVER FLIES FORTH

Stolen From Ninth Street Thursday Afternoon. Soon Located At Princeton.

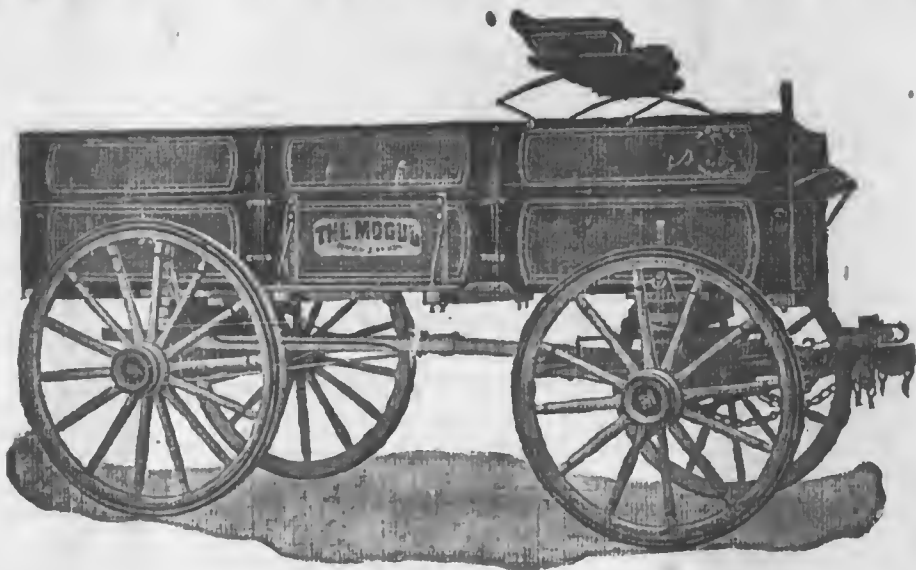

On Thursday afternoon, a Ford car belonging to Forbes Manufacturing company, and driven by Riley Butler, was stolen. Mr. Butler left the car for awhile a East Ninth street near the postoffice building. On returning he found the car missing. The police were at once notified.

Yesterday morning a message was received from the police at Princeton stating that the car had been located at that place. It had been stolen by a boy giving his name as Hodges and his home as Henderson. Chief Roper and Mr. Butler left immediately for Princeton to bring the car and the culprit here.

Keatts-Hester. The engagement of Mr. Dorris Keatts and Miss Bess Hester, both of LaFayette, has been announced. The wedding will be on Oct. 22.

FOR SALE!

Farm of about 200 acres of good Red Clay land near Julien, Ky. Price \$65.00 per acre on easy terms. T.S. Knight & Co.

OVERSIZE THROUGHOUT Made for Hard Work

Some makers use inferior woods, maple, pecan, birch and beech in their wagons. These woods do not stand the jars and strains of real work. Stoutly braced and re-inforced, yet very light draft.

Mogul Wagon

"Strong Where the Strain Comes"

Are built to stand the strain. Close grained hickory and seasoned oak the strongest wood known, the pick of our own mills, are used for hubs, spokes, axles and rims and reaches the bearing parts. Each part is 15 to 20 per cent oversize, just so much stronger than was shown necessary in tests. Triple coated with paint, brushed on, not dipped.

WIDE TRACK WAGONS.

Moguls are made in the 60-inch track, the old favorite Southern standard which fit your wagon beds, hay frames and the tract of Southern country roads. The new standard 56 inch or auto track can also be furnished.

BUMPER CROP OF CORN

Tobacco Forecast, Shows Reduction of 950,000 Pounds, Says U. S. Report.

Washington, Oct. 10.—The country's enormous corn crop has "run unharmed the gauntlet of dangers that faced it during the doubtful days of September, and lays into the lap of mellow October 43,000,000 bushels more of ripened ears than it could promise at the beginning of that month," the Department of Agriculture commented in issuing the October crop report, forecasting a yield of 2,900,511,000 bushels.

Practically all of the crop has, or will, mature without frost damage, assuring high feeding value. Husking and cribbing have begun.

Blight, scab and black rust, together with mildew, brought the good early prospects for spring wheat in the North-central producing section down until the reckoning now shows almost 5,000,000 bushels less than forecast a month ago, the total crop being placed at 203,170,000 bushels.

Barley showed an increase of more than 3,000,000 bushels, while potatoes an increase of 876,000 bushels, buckwheat 802,000 bushels, apples 3,479,000 bushels and beans 1,327,000 bushels.

Reduced forecasts were given for oats with a yield lessened by 5,294,000 bushels; sweet potatoes with a decrease of 907,000 bushels, and tobacco with 950,000 pounds.

Williams-Colley. Alex Williamson and Miss Mary Dorothy Colley, both of the county were married Thursday afternoon at the Courthouse, Judge Champlin officiating.

The bride is a daughter of L. F. Colley, and is only fourteen years of age. The groom is twenty-one and the son of Ben Williamson.

Mitchell-Coyle. Mr. Radford W. Mitchell, of Little Rock, Ark., and Miss Lillie Coyle, of Earlington, were married here Wednesday morning, the ceremony being solemnized by Rev. Leonard W. Doolan, of the Baptist church, at his home on South Main street.

Mr. and Mrs. Mitchell left immediately.

The groom gave his occupation as in the government service.

DeMatteo-Dalton. Joseph A. DeMatteo and Miss Catherine Dalton, both of Nashville, were married by Judge Champlin Wednesday.

Rogers-Mitchell. Miss Ivy Mitchell, daughter of Mr. and Mrs. D. L. Mitchell, of this city, and Mr. Edgar Rogers, of Springfield, Mass., were married Thursday in Washington, where both the young people are employed at present.

The Coconut.

Over eighty distinct methods are in vogue for the utilization of the coconut. Every year about 8,000,000,000 nuts are cultivated; of this quantity, 50 per cent are consumed in the East and elsewhere as food, 20 per cent are transformed into oil, and only about 30 per cent find their way to the markets.

More Hard Rains. The heavy rains this week have made the dirt roads impassable for automobiles. During Wednesday night there was a fall of four inches and 1 or 2 inches more fell during Thursday, thoroughly soaking the ground.
